

The conditions of Competition for the Best Dissertations Defended in 2023¹

VSB - Technical University of Ostrava within the consortium PROGRES 3 announces a Competition for the best dissertations defended in 2023.

The competition will take place in two rounds.

1st round

The first round of the competition will take place internally at universities. During this process each university can choose a maximum of 3 dissertations in each category which will continue to the second round (i.e. up to 15 doctoral theses in total).

Categories:

1. Economics, Finance and Management
2. Raw Materials, Energy and the Environment
3. Health and Applications in Healthcare
4. Information Technology and Electrical Engineering
5. Competitive Engineering and Materials Research

Conditions:

- Registered dissertations must be defended in the period of 1. 1. 2023 - 31. 12. 2023.
- Other documents must be submitted:
 - **an application form**
 - **an electronic version of the dissertation** (format .pdf, or .docx)
 - **An electronic version of the dissertation summary** (format .pdf, or .docx)

¹ The organizer reserves the right to change the rules of action, duration, the amount of remuneration, as well as the cancellation of the event without giving any reason.

The application form, the dissertation and its summary must be sent to competition administrator email: lukas.kubac@vsb.cz up to 29. 2. 2024 (including).

Competition administrator:

Ing. Lukáš Kubáč
Management of science and research (9320)
VŠB-TU Ostrava
17. listopadu 2172/15
708 00 Ostrava – Poruba
Czech Republic
e-mail: lukas.kubac@vsb.cz

University administrators will announce the administrator of the competition (lukas.kubac@vsb.cz) the names and contacts of committee members for the second round up to 29. 2. 2024. In the individual categories, each university may have one representative with respect to the specific specialization the university.

2nd round

In the 2nd round, the progressing works will be sent to the evaluators of the participating universities, who will evaluate the dissertation points according to the criteria, while the dissertation with the most points will win. In case of equality of points, the scoring of the criteria with the highest weight will be decisive, or the evaluators will be invited to an additional evaluation to determine the winner.

The evaluation within the 2nd round will take place from March 1, 2024 to March 14, 2024.

The results of the competition will be published on the PROGRES 3 website after the evaluation: <http://progres3.vsb.cz/en/news/>
